

# OEM PROGRAM

Affordable CAD/CAM That is Easy to Use!  
Bundle 2D & 3D CAD/CAM for less than you think.

## OEM Program

BobCAD-CAM is looking to build relationships with machine tool OEM's. Contact us today for your complimentary copy of BobCAD-CAM Software.

Since we understand the importance of working with machine tool OEM's we will train you and your staff at no charge. Join the growing number of OEM's to use and offer our software to their client base.

## Support & Training

Be confident that our software will work for your clients needs.

Training videos, Web based seminars, On line training, and On site training are offered free of charge to all OEM's.

## Join Our Team

Offer an alternative to the high cost solutions you are currently using. We are here to help you sell more machines by providing powerful, affordable and easy to use CAD/CAM software.
